

CENTRAL COUNCIL FOR RESEARCH IN AYURVEDIC SCIENCES

NOTIFICATION

This is with reference to question paper and answer key of the written examinations for the posts of LDC and Lab Attendant held at CSMRRADI, Chennai on 23 June 2018. Objections received were examined by the duly constituted Committee of Officers and based on its decision in respect of question No 80 of written examination for LDC, the competent authority decided that one mark will be awarded to be all those candidates who had answered either the Option "A" or option "B", as both answers are correct. In case of question No 55 of the written test for the Lab Attendant, based on the decision of the committee, the answer given in the answer key as option "B" (Carbon dioxide) was changed as option "C" (Carbon Monoxide) and the competent authority had decided that option "C" being the correct answer, one mark be awarded to those candidates who had marked option "C" as answer. The decision of the competent authority was communicated vide Notification dated 20 July 2018 and objections, if any, were invited.

No objection was received in case of LDC written examination. However, in case of Lab Attendant the decision was objected to and it was contended that for a similar question in a written examination for the post of Lab Attendant held in another Institute under this Council, option "B" (Carbon dioxide) was given as answer. Therefore, the candidate desired to resolve this issue of correct answer.

The matter was again referred to the Committee of officers and based its recommendations, the competent authority had decided that the correct answer being option "C" (Carbon monoxide) one mark will be awarded to only those candidates who have marked option "C" as answer for question No 55 of the written examination for Lab Attendant. It is further clarified that in case of written examination in another Institute under this Council, the answer given in the key was not corrected as no objection was received and hence the error got ignored.

Any doubt/objection may be submitted to the Council within three days. If no objection is received within the stipulated period, evaluation and preparation of result will be done by the Institute accordingly.
