

## **PHYTOCHEMICAL INVESTIGATIONS OF CHLOROPHYTUM KER-GAWL. (ANTHERICACEAE) - A REVIEW**

**J.P. Kotiyal<sup>1</sup> & L.V. Asolkar<sup>2</sup>**

**Received on 17.8.1994**

*Phytochemistry has been reviewed for the genus Chlorophytum (Anthericaceae, Liliaceae). Of the 215 or so species, about 17 occur in India; in this review, 11 species have been reviewed with their uses and chemistry. More phytochemical investigations are however, necessary.*
