

COMPARATIVE STUDY OF 777 OIL BY HIGH PERFORMANCE THIN LAYER CHROMATOGRAPHY

A. Saraswathy¹, S. Joy², T. Susan³ and J.R. Krishnamurthy⁴

(Received on 28.10.1999)

777 oil procured from four different sources was compared using High Performance Thin Layer Chromatography (HPTLC) finger print pattern. Except one, other three were found to be similar.
