

# **Effect of 777 Oil in Keratinocyte Proliferation Inhibition by in Vitro and in Vivo Methods**

JR Krishnamoorthy\*, Ranganathan S\*\* and Ranjith MS\*\*\*

## **Abstract**

The Siddha formulation, 777 oil was tested for its efficacy in containing the keratinocyte cell multiplication in vitro and its effect on co-stimulatory molecule response using ELISA. The findings of the study are presented in the report.
